Jo-Jo Chlebogiannis, Town Clerk

AUDITORS' REPORT

We have examined the financial records and have compiled the accompanying financial statements of the funds of the Town of Windham, Vermont for the year 2016. We verified the existence of stated cash, balances and securities and examined supporting documents and securities relative to expenditures on a randomly selected basis.

We have reviewed all of the town's bank accounts and found them to be in order. For various financial reports we have relied on information provided from the records for the town.

Our examination should not be construed to be an Audit, Review, or Compilation as defined by the American Institute of C.P.A.s, but merely a review of account balances and activities that were conducted during the year. Our examination revealed no irregularities and we believe the accompanying financial statements reflect fairly the financial condition and the results of activities of the Town of Windham on December 31, 2016. We do not examine financial records of any other organizations or agencies included in this report.

PLEASE NOTE that the social services reports are no longer included in the annual report. There are copies in the Town Office and the Meeting House. You can copy any of these reports at the Town Office.

We wish to express our thanks to all who contributed reports. A special thanks goes to Joanne Chlebogiannis, our Town Clerk; Peter Chamberlain, our Town Treasurer; Ellen McDuffie, our assistant Town Clerk; and Kathy Scott, our assistant Town Treasurer. We appreciate their cooperation and all the extra work that they did to help make our job easier.

Additional copies of the Town Report, as well as the Leland and Gray Union High School District Report, are available at the Town office during regular office hours.

Respectfully submitted,

Virginia Crittenden, Sally Hoover, Imme Maurath

NOTE: In 2015 an error was made regarding the dog account. At the last minute, the treasurer decided to add the cost of a lawsuit (due to a dog bite), to the dog report. We have now corrected the balance sheet to reflect that error.

SELECTBOARD REPORT

One of the Roman gods (Janus) was the overseer of beginnings, transitions, time, doorways passages and endings. While Janus is mythical the numerous changes stuffed into 2016 are not. Twenty sixteen brought a new governor, new president, new town clerk, one lister resigned from his lister position and Alison Trowbridge decided to resign as the clerk to the Selectboard at the conclusion of 2017 town meeting and Beth McDonald has resigned from the Windham school board. Also in 2016 Iberdrola Renewables announced they would abandon a wind project proposed for the towns of Windham and Grafton after approximately two thirds of voters in each town voted against the project in the general election.

Vermont has had a debate about consolidating school districts stretching over nearly one hundred years and that debate continues. There will be a vote on the issue of school consolidation (Vermont Act 46) on town meeting day, but the vote outcome seems unlikely to solve a very contentious issue. Ramifications of the vote outcome have been covered in a recent Windham News and Notes issue and the Selectboard urges everyone to read those discussions and use their best judgment when casting their vote.

Twenty-sixteen was the hottest year on record and Vermont continues in a moderate drought and both of those conditions are of concern to our road crew and the Volunteer Fire Company. Anecdotal observations are that an increasing amount of winter-time precipitation is falling as rain and when rain meets a frozen ground it creates very slippery conditions. Our road crew has been very quick to swing into action whenever conditions demand it. Windham is fortunate to have two local gentlemen as our road crew. They grew up here and are well integrated into the community and citizens will meet a respectful ear if they have observations about road conditions. Do not hesitate to inform them if something needs immediate attention.

The same is true for the Volunteer Fire Company – while the Vermont forest is known as the asbestos forest because forest fires happen so seldom, our current drought creates conditions elevating the risk of forest fires. Please observe the instructions of the fire warden/company and, of course, use your common sense whenever outdoor burning is considered.

The Vermont League of Cities and Towns offers an ongoing series of courses to get new office-holders up to speed and keep incumbents at speed; workshops are attended as necessary.

The Vicious Dog Ordinance was finally adopted and time will tell if modifications are needed.

Windham will no longer host The Friendly Gathering and they are moving to a larger venue at Sugarbush.

The Energy Committee completed some audits and began making town buildings more efficient and comfortable.

After some discussion and correspondence, we were successful in getting the homeowners of the dilapidated garage in South Windham to remove it.

The budget for this year is up - keep in mind the utterance “The Selectboard proposes but the voters dispose.” So study the warning and be prepared to raise questions on meeting day, you’ll see in the budget that the amount of support the Fire Company is asking for is up considerably and they will explain the reasons for that increase at town meeting – primarily it is the general increasing cost of practically everything plus the need to replace some expensive safety equipment and being required to pay into workman’s compensation. There are increases in other things as well but the Selectboard has tried to keep increases to a minimum.

We look forward to working together at Town Meeting 2017

Frank Seawright, Kord Scott, and Maureen Bell

TOWN OFFICERS – TOWN OF WINDHAM, VERMONT

** Grant Reimbursement calc in process

Selectboard 2016 Roads Commissioner/Road Crew's Report

As described in prior reports, we use this Roads Report as the framework of priorities to focus on for each year – and add additional priorities as they are encountered. A brief progress/status report for each is as follows;

1. Increase the level of expert support for, the utilization of grants to help defray the costs of, and improve the long term maintenance planning for the town roads and structures - including;
 - Ongoing development & maintenance of our relationship with VTrans. They continue to be an invaluable resource both technically and financially – for routine and emergency road issues.
 - The long-term plan for resurfacing the paved roads on an on-going basis. Execution of the first phase of the plan took place this past spring and summer. It will be reviewed and revised as necessary this year. (The latest paving plan revision is attached).
 - Continue to develop a long term “structures” plan for addressing the larger bridges and culverts. VTrans is assisting. Continued adoption of their “codes and standards” makes us eligible for 90% reimbursement for the engineering and project costs. As explained previously, VTrans surveyed the larger bridges and culverts in town with the road crew, and ordered Hydraulic Studies for (5) of them. The Hydraulic Studies were completed at no charge to the town, resulted in recommendations, and VTrans supplied a \$54,000 grant for the engineering work as required. That work has been 80% completed and we will set priorities and a completion schedule accordingly.
 - As explained last year, VTrans also supplied a \$78,300 grant for the work required on the White Road Culvert and B31 Bridge. That work was completed this year.
 - Developing & maintaining our roads and structures relationship with the WRC. They assist with road and structures maps, studies, & evaluations. This is an ongoing work-in-process and will more than likely be expanded given upcoming municipal permitting legislation.
 - Developing and maintaining a relationship with an engineer with a specific expertise in roads and structures. Everett Hammond has been our engineer in all of the projects listed above and is completing additional work to be paid for with the Better Back Roads grant described below.
 - We applied for and received an \$8,000 Better Back Roads planning grant for capital planning, engineering, and roads maintenance issues. Everett is working with the road crew to complete a RSMS (Road Surface Management System) initial report and will be helping to fine tune our capital equipment replacement schedule.
 - As planned, we completed a comprehensive evaluation of White Road to decide on the best course of action. Everett & the road crew worked together and we developed the plan to mill, pave, and chip-seal the complete length. Utilizing the chip-sealing offers the advantage of providing a better “seal” in the paved surface – which hopefully will help keep water from working its way through the paving – which eventually contributes to the freezing and heaving issues. We intent to watch the performance carefully to see if this process might help in other areas.
2. Improve the summer roads maintenance including;
 - Improving the de-berming & crowning of unpaved roads. This is an ongoing “work-in-process” project and will continue. The road crew received training and input from numerous helpful sources locally, via the Vermont Local Roads program, and by networking with other road crews. This year’s plans also include a formal training course.
 - Developing a comprehensive culvert replacement plan. This is an ongoing “work-in-process” project and the WRC is in the process of helping us update our maps and plans as they were not accurate.

- Improving ditch and culvert cleaning & maintenance. This is an ongoing “work-in-process” project. You may have noticed some ditching being done with the grader.
3. Evaluate the salt, sand, and gravel usage, with a reduction where feasible.
 - Regarding salt usage, as mentioned last year, a summary of salt purchased over the prior 10 years showed that the amount of salt purchased had increased in years 9 & 10. As mentioned previously, it is clear that there are many factors that influence this including, operator habits, the type of, condition of, and calibration of the spreading equipment, the overall weather conditions during the winter, using liquid additives, etc. The road crew continues to be committed to understanding and controlling this expense as much as possible – and are watching our average usage annually for trends.
 - Regarding the public expectations of road conditions during the winter, as mentioned last year, VTrans uses a “Safe Roads at Safe Speeds” philosophy on their roads. We need to continue to work as a community on reconciling the public expectation and driving habits with the realities of the cost of keeping the roads “clear and dry” in a Vermont community.
 - Regarding gravel and sand usage, this is an ongoing a work-in-process project. Many roads need more gravel and the RSMS should help to quantify this. Using some sand versus salt at times is also under consideration and experimentation.
 4. Improve our purchasing policies and procedures.
 - The town purchasing policy has resulted in significant savings in materials, parts, and subcontracted services. Further improvements can be made, but this is an area where the road crew is doing an excellent job in general. They have saved money for the town in numerous ways. They have taken “ownership” of managing their budget and have an excellent understanding of controlling costs where possible and maximizing the value of the money they have to spend.
 5. Develop a system for overall road condition evaluation and maintenance/repair costs.
 - Frank is continuing with the development & implementation of a computerized database system that will facilitate planning for the road and structures work requirements. It will also create a history of man-hours, materials & equipment used in work..
 - As mentioned previously, VTrans and FEMA require detailed record keeping for grant processing and approval. Accumulating these costs in the new databases on an ongoing basis will minimize the “reconstruction” of project activities after the fact.
 6. Improve the planning, supervision and communication skills of the road crew.
 - We have a new supervisor/road crew “team” in place and they are a committed crew that we should all be proud of. Feedback has been generally extremely positive and they welcome input.
 - We started monthly road crew staff meetings to exchange feedback.
 - We implemented a “Performance Evaluation” system to assist in further communication of expectations and measuring results. Evaluations schedules were updated to May and December, so they could be completed after each critical season. This system is about 80% developed, and should be fully functional this year.
 - We are continuing to refine the annual general plans & schedule for road work.
 - It has been suggested that the Highway Department needs a “Mission Statement” and/or “Slogan” that captures the vision of their purpose and philosophy of operation. No progress was made on this issue, but is still under some consideration – suggestions are welcome.

7. Improve our facility and equipment maintenance and replacement plans.
 - A major equipment repair/replacement schedule is under development. The equipment is being evaluated for its suitability, current condition, and useful life – the schedule will reflect the results. As previously described, the evaluation of the condition and useful life of the loader and grader prioritized them as the first two major pieces of equipment that needed replacement – which was completed as described last year. An overall equipment replacement schedule is still under development and should be completed this year. As mentioned above, some of the planning grant will be used to facilitate completion of the schedule.
 - Our equipment preventive maintenance practices are improving significantly. This will continue to be refined.
 - As mentioned last year, the road crew is willing and capable of completing more routine and/or emergency repairs to the highway equipment and facility – and has been doing so. This continues to bring cost savings to the town in improved equipment condition and service life, reduced transportation time, increased uptime, and decreased subcontracting costs. This is an extremely important competence to acknowledge – they work hard at it, and it is generating significant returns.
 - The town garage and yard need work. A committee has been established to study this issue and the feasibility of various options including renovation versus relocation. A report will be submitted to the SB and communicated to the residents.
 - OSHA compliance. There have been numerous reports of spot of both municipal and private companies and our own compliance is under review to try and head off any potential shortcomings.
 - General Shop organization. A significant effort continues to be made to generally organize the tools and stock materials for more efficient and effective operations. This will be an ongoing process.
8. Respond constructively to resident requests for site specific problems or general concerns.
 - We understand that a cooperative and responsive town highway department is important to residents.
 - Any feedback or suggestions regarding this report, or on an on-going basis are welcome.

Respectfully Submitted, Kord Scott, Josh Dryden, Jon Gordon & Ralph Wyman

**Delinquent Tax Report
FOR Year End 2016**

Attached is the detailed summary report of delinquent taxes.

1. The upper portion details the status of all taxes still delinquent by year and at three periods of the current year. It details the taxes that were due at the end of 2015; the reduction of those taxes, the addition of 2016 as of November 1, which became delinquent; yearend status of all taxes, interest and penalty.

2. The center portion details the collection of delinquent taxes, interest and penalties.

3. Section "History and Trends: There is a 11-year running summary at the bottom of the report to provide the trends of the school and municipal taxes to be collected and the trend of uncollected taxes. In order to assess the trend of delinquency, it is necessary to reflect on the factors which may cause an increase of delinquent taxes. As taxes increase, it can be expected that the amount of unpaid taxes will increase.

Noted are the municipal, school and total taxes to be collected for each of the past 11 years. School taxes have increased 34.4%, municipal 89.6% for a total of 49.0%.

The number of property owner's delinquent is 53, (average per year is 45, lowest 36 and highest 52) but with the largest uncollected taxes of \$99,153 of the previous years. However, as of this writing, that sum has been reduced by \$47,000. The reasons are many.

In 2006, (first year of this report) the town voted to reduce the interest from 13% per year to 12%, and the penalty from 8% for being one day late to a more reasonable 3% and 5% on January 1 and July 1 consecutively. One year late taxes amount to a 20% charge.

This change did not result in an increase in delinquency.

Windham Elementary School

Principal's Report—February 2017

Dear Windham Community Members,

General Update

Again, I would like to begin by thanking the community members of Windham for their continued involvement and support for our school. The experience at Windham Elementary School is something these children will remember for the rest of their lives. It is a unique experience that most other children in this country do not get to have because of the push to eradicate all the small schools nationwide. Fortunately for them, through the continued partnership between the school and this community, we continue to offer this opportunity to the children of Windham.

Currently, we have thirteen students attending the Windham School. There are seven children in the third grade in the younger classroom, and there are three children in fourth grade and three children in sixth grade in the older classroom. The third graders are taught by highly qualified teacher Sally Newton, and the fourth and sixth graders are taught by highly qualified teacher Mickey Parker-Jennings, myself, who also serves as the building principal. In the older children's room, Mrs. Kehoe works as the special educator and Title-One Specialist with students who need assistance with aspects of their academic instruction or understanding. Next year, the requirements for how the Title-One funds are to be spent is changing, so we will not have Mrs. Kehoe as the Title-One teacher anymore; she will focus only on the special education needs of the students who qualify for such services. Additionally, she does and will continue to do many of the assessments we use to drive instruction, such as the Dibels and Fountas and Pinnell assessments for language arts and the Primary Numbers and Operations Assessment, PNOA, for math. These results are important to help us design the programming as the year progresses and to show progress for each individual student.

Other members of this school community are equally valuable in keeping this place up and running at the level that it has for the past several years. Gail Wyman is both the administrative assistant and teacher's aide. She does all the invaluable secretarial work associated with running a school, while keeping me in line about anything and everything associated with being the principal. She also works with students at various points throughout the day as a teacher's aide helping students to gain greater understanding of things they are confused about or offering an extension of the topics covered in the classroom. She truly is a treasured member of our school team, as is her husband Paul who is the building custodian. Paul comes in every other day to clean the school, fix minor problems, and do whatever we ask of him from a custodial perspective. We also have a new bus driver this year, Kord Scott. Kord has been invaluable as a bus driver, but even more so as our heating specialist. His knowledge of the boiler system has already saved us on multiple occasions, and we cannot thank him enough for the time and effort he puts into this school. We also have a licensed school social worker, Susan Gunther-Mohr, who comes once a week to work on whole class instruction around social emotional health, small group issues with students who need to talk in a guided environment, and individual meetings with students when permission is granted from their families to talk about anything on their minds. Finally, we also have Kate Ullman for music class on Friday afternoons and Carla West for health and physical education on Thursday mornings.

Adequate Yearly Progress (AYP) 2015-2016

The academic progress of the students at Windham Elementary School is a source of pride for everyone in the school. Students who graduate from our school after spending their entire elementary years here always move on with the knowledge and skills necessary to be successful in any middle or high school setting. Often we hear back from the staff at Leland and Gray about how the students from Windham stand out in terms of their academic prowess and, more importantly, how well they interact with others. The new Smarter Balanced Assessment Consortium (SBAC) test is still being figured out by teachers and students around the state and will continue to be used as our state assessment to determine Adequate Yearly Progress for both math and language arts. In science, the state is still using the New England Common Assessment Program (NECAP) as the accepted test for the Next Generation Science Standards (NGSS). The results of these assessments for Windham Elementary last year cannot be shared publicly as we did not have more than ten students at a given grade level, and the sample size "n" has not been met for state approval to share the results. However, growth has been noted by individual students from last year to this. We had one hundred percent participation by our students on the state required assessments.

Another assessment that we use is called the Measures of Academic Progress (MAPS). This is part of our local assessment plan to help with yearly planning and targeted instruction. Given three times a year in the fall, winter, and spring, this experience provides the teachers with valuable data about the attainment of the Common Core State Standards (CCSS), while also providing opportunities for the staff to modify instruction or change the program based on the academic needs of the students. Again, these results cannot be shared publicly as our minimum student requirement or sample size "n" has not been met. Individual families or parents do have access to these results for their students.

Special Programs and Projects

Over this past year, we continued our partnership with Meadow's Bee Farm, and the students spent time there learning about aspects of a working farm. This program, that is unique to Windham School, is often a point of envy for other schools and staff in the supervisory union. We also continued our partnership with the Weston Playhouse and the Early Stages program, again an experience that is unique to our school in this supervisory union. This program involves students creating, writing, developing, and performing an original production on stage at the Weston Playhouse after weeks of intensive work with a performing artist in residence who has experience on Broadway! New this spring will be an artist in residence from Londonderry, Christine Mix, spending a week with the students to create a short book that documents some history of Windham through art. This is made possible because of a grant obtained for over one thousand dollars to fund this experience.

Facilities and Equipment

New energy efficient lighting has been installed throughout the school because of an energy audit done by the town's Energy Committee. The new lighting has already begun to show savings on our school electric bill, not to mention the increased softness of the light on the student's eyes. Additionally, the school now has a new school bus for the students to travel in style! Thank you to everyone in the community for your unwavering support of our truly endangered species of an institution.

Mickey Parker-Jennings, Principal

36.	Percent of equalized pupils at Leland And Gray UHSD #34	53.76%	49.68%	41.22%	37.07%
37.		-	-	-	-

- Following current statute, the Tax Commissioner recommended a property yield of \$10,076 for every \$1.00 of homestead tax per \$100 of equalized property value. The Tax Commissioner also recommended an income yield of \$11,875 for a base income percent of 2.0% and a non-residential tax rate of \$1.550. New and updated data will likely change the proposed property and the income yields and perhaps the non-residential rate.
 - Final figures will be set by the Legislature during the legislative session and approved by the Governor.
 - The base income percentage cap is 2.0%.

Comparative Data for Cost-Effectiveness, FY2017 Report
16 V.S.A. § 165(a)(2)(K)

School: Windham Elementary School
S.U.: Windham Central S.U.

A list of schools and school districts in each cohort may be found on the DOE website under "School Data and Reports":

School District: Windham
LEA ID: T246

Special education expenditures vary substantially from district to district and year to year. Therefore, they have been excluded from these figures.

The portion of current expenditures made by supervisory unions on behalf of districts varies greatly. These data include district assessments to SUs. Including assessments to SUs makes districts more comparable to each other.

FY2015 School District Data

Cohort Description: Elementary school district, FY2013 FTE < 100
(43 school districts in cohort)

School district data (local, union, or joint district)		Grades offered in School District	Student FTE enrolled in school district	Current expenditures per student FTE EXCLUDING special education costs	Cohort Rank by FTE (1 is largest) 42 out of 43
Smaller ->	Elmore	1-3	19.08	\$9,124	
<- Larger	Windham	PK-5	19.40	\$16,717	
	Guildhall	K-6	20.94	\$16,460	
	Woodford	PK-6	26.39	\$14,112	
	Isle La Motte	PK-6	26.53	\$20,703	
Averaged SCHOOL DISTRICT cohort data			63.87	\$15,261	

Current expenditures are an effort to calculate an amount per FTE spent by a district on students enrolled in that district. This figure excludes tuitions and assessments paid to other providers, construction and equipment costs, debt service, adult education, and community service.

The Legislature has required the Agency of Education to provide this information per the following statute:

16 V.S.A. § 165(a)(2) The school, at least annually, reports student performance results to community members in a format selected by the school board. . . . The school report shall include:

(K) data provided by the commissioner which enable a comparison with other schools, or school districts if school level data are not available, for cost-effectiveness. The commissioner shall establish which data are to be included pursuant to this subdivision and, notwithstanding that the other elements of the report are to be presented in a format selected by the school board, shall develop a common format to be used by each school in presenting the data to community members. The commissioner shall provide the most recent data available to each school no later than October 1 of each year. Data to be presented may include student-to-teacher ratio, administrator-to-student ratio, administrator-to-teacher ratio, and cost per pupil.

Windham Central Supervisory Union Superintendent's Letter 2017

The Windham Central Supervisory Union (WCSU) is in the midst of great challenge and opportunity. All school district members and community representatives in the WCSU have participated in our two Act 46 Study Committees. One committee created Articles of Agreement and a report for the Leland and Gray towns (Brookline, Jamaica, Newfane, Townshend, and Windham). The other committee created Articles of Agreement and a report for the towns of Dover, Marlboro, and Wardsboro. All the members of the study committee worked diligently to ask tough questions, seek answers, and ultimately create a new governance structure on which citizens of each town will vote on March 7th.

With declining enrollment statewide, as well as in many of the towns in the WCSU, creating sustainable structures for the future of education in our communities is difficult. However, we are all up to the task. With these real challenges comes opportunity and the potential for evolution.

There is a sense of excitement and positivity about the direction our schools and our supervisory union are currently taking. Many changes have already occurred. We have a new Superintendent, a new Business Manager, a new Director of Curriculum, a new Information Technology Director, a retiring Special Education Director, a new Middle/High School principal, a new elementary principal, a new teaching principal and three retiring elementary principals. The collaboration between this influx of new people and our existing staff has created a synergy of talent, dedication and wisdom. We are showing our respect and appreciation for our foundation while moving forward to build our future. We are fortunate to have so much support from all of our communities.

The WCSU has been selected to participate in a grant opportunity offered by the Vermont Agency of Education. We will be receiving consulting services and an audit of our Special Education Services. We believe this study will provide us with data that will help us strategically deploy resources in a more effective manner.

I encourage everyone to participate in the information sessions for current budgets and the proposed new governance structures. No one can be sure where the WCSU will land on March 8th, but I am confident that the leadership of the individual school boards, the WCSU board, our principals, and the teachers and staff of the WCSU are ready to embrace the challenge.

Thank you for supporting our schools.

William Anton, WCSU Superintendent of Schools

CHILD FIND NOTICE

Each year the Windham Central Supervisory Union conducts an annual Child Find Search. The purpose of this is to locate un-served or under-served disabled children between the ages of zero and twenty one.

Windham Central Supervisory Union serves the towns of Brookline, Dover, Jamaica, Marlboro, Leland & Gray U.H.S. 34, Newfane, Stratton, Townshend, Wardsboro, Windham and Winhall.

Therefore, if you know of a child who is disabled and may be in need of specialized education services, please contact the Windham Central Supervisory Union Office.

Windham Central Supervisory Union does not discriminate on the basis of race, color, national origin, sex, age or handicap, in admission, or access to, or treatment, in employment, or in any of its programs or activities.

Any person having inquiries concerning Windham Central Supervisory Union's compliance with the regulations implementing Title VI, Title IX, Section 504 A.D.A. and IDEA should contact the office of Superintendent of Schools.

EARLY EDUCATION DEPARTMENT

The Early Education Department of the Windham Central Supervisory Union provides home based programs for pre-school aged children, pre-school hours in local schools and workshops for parents in Child Development, Parenting and Readiness Skills for Kindergarten.

If you are interested in receiving these services, please contact Christine Shakespeare at the Windham Central Supervisory Union, Early Education Department.

The Windham Town Library had a great year. Our annual photo contest / fund raiser was a big success again this year. The calendars are very popular and sell out quickly. Our book club continues to meet on the first Wednesday of the month with a lively discussion of that month's book. Please join us. We read books from many genres, appealing to many interests. We will have the state park passes and local historical sites passes. We have bought many current titles and will upon request buy a book you may be interested in. Please come to your town library, meet some new friends, chat with old friends and of course find many interesting books to read.

Respectfully submitted by your Library Trustees –Beverly Carmichael, Cynthia B. Kehoe, John Hoover, Eileen Widger, and Christine Dunkel.

Windham Volunteer Fire Company Inc.

This year the Windham Vol. Fire Co. responded to 38 calls. We had 22 in-town calls as well as 16 mutual aid calls. We have 2 new members enrolled in Firefighter 1 class, Jeffrey Weitzel and Michael Mally. Our members do training once a month to keep skills and training up to date.

We had a lot of gear that we replaced this year. An update of fire hose was done on both trucks due to older worn out hose. Our air packs as well as the bottles had to be sent out to be tested and inspected and brought up to date.

There was a live fire hydrant installed on Chase Road. Water is fed through a pipe from a private pond and feeds the hydrant. This hydrant is different than our other hydrants being it has 40 pounds of pressure at the hydrant. It is a well needed water supply for the southern end of town. This took 2 days and hours of volunteered man power to install. Residents around the hydrant should check their house insurance as you may get a discount for being close.

We had an open house with an ice cream social for the town's people to come check out our equipment. The new town grader and loader were there as well. Everyone had a great time being able to have hands on experience with all the equipment.

We had our annual Auction & BBQ on August 13th. It was a hot humid August day but everyone still showed up to support us. We thank everyone who came out; this is a big part of what keeps the fire company running.

We did our annual fire prevention week at the school on October 12th. The kids enjoy getting to check out all our equipment and be able to spray water. The fire company gives each kid a bag of goodies. We also had our Halloween party on October 28th; there were lots of kids with great costumes. We had dinner and fun and games inside. Due to weather there was no hay ride this year.

A big thank you to Josh and Jon for keeping everything plowed out and sanded so we can respond in a timely manner.

We thank you for your continued support. We got 4 new members this year and are always looking for new members. Our meetings are the first Thursday of the month at 6pm. If you have any questions please call the firehouse at 802-875-5332.

TOWN OF WINDHAM
HEALTH OFFICER REPORT

2016

It was a rather quiet year for this Health Officer. I did counsel a tenant of rental property whose water appeared to be contaminated. I reviewed with her rights, the landlord's responsibility and the process of water testing.

During the year I continued to write articles for the Windham News and Notes regarding health issues. This year I wrote articles covering Pertussis and vaccinations, ticks and prevention of tick bites, necessity and use of sunscreen, and importance of annual flu shots.

In July I attended a Town Health Officer Training sponsored by the Vermont Department of Health. Current topics that were discussed were: the new 3-4-50 education program. 3 behaviors (no physical activity, poor diet, tobacco use) lead to 4 diseases (cancer, heart disease & stroke, type 2 Diabetes and lung disease) and result in more than 50% of deaths in Vermont; bed bugs; tick borne diseases, and Zika virus.

The Vermont Department of Health offers many air and water test kits which can be found on healthvermont.gov. The latest news from the Department of Health can also be found at facebook.com/healthvermont and twitter.com/healthvermont.

If the residents of Windham have any concerns regarding health issues of their home or environment, please contact me. I have handouts on a variety of subjects and can direct a question to the appropriate source if needed. Also I have plenty of emergency preparedness workbooks for anyone who would like one. This is an excellent source the state has published that will help you organize you and your home to be ready for any emergency.

Respectfully,

Marcia Clinton

Zoning Administration

2016 Annual Report

A total of 23 applications for zoning permits were received and processed during the year of 2016. This is 3 fewer than the 26 processed in 2015, a decrease of 12%.

The following permits were issued:

Barn-2
Barn Addition-0
Camp-1
Carport-0
Deck/Porch-4
Fence-0
Garage-2
Horse Stable-0
House Addition-1
Internal Renovation-1
New Foundation-1
New House-2
Office-1
Shed-6
Subdivision-1
Sunroom-0
Sugar House-0
Temporary Trailer-0
Tiny House-1

Zoning Permits are required for all of the above categories of improvements on your property. This includes internal renovations to the living area whether or not the size of the building footprint is altered.

In November, 2016, Michael Simonds resigned from the appointed office of Windham Zoning Administrator. The Select Board has appointed Alison Cummings to fulfill the remainder of this term which expires in 2019.

Respectfully submitted,

Alison Cummings, Zoning Administrator
John Hoover, Assistant Zoning Administrator

Listers' Annual Report for 2016

The job of the Windham Listers is to assess each property accurately, fairly and impartially in order to determine its fair market value. The total assessed value of all property is stated on the Grand List. The Grand List and the budget approved by Windham voters at Town Meeting are used to set the municipal tax rate. The total Grand Lists of all Vermont towns and the school budgets of all Vermont towns are the basis upon which the state legislature sets the statewide education rate. The Listers do not set the tax rate.

The state has formulas to determine the accuracy of each town's appraisals as stated in its Grand List, and there are financial penalties to a town if it is too low. If we are very high or low, the state can force us to do a total reappraisal with a visit to every property in town.

The two main numbers that affect Grand List value and can force a town-wide reappraisal are the Common Level of Appraisal (CLA) and the Coefficient of Dispersion (COD). The CLA is the sum of the assessed values of Windham's properties sold over the past three years divided by the sum of the sale prices of those same properties. The COD looks at each individual property sold over the last three years, measures the difference between its sales price and the assessed value, then calculates the town's overall appraisal accuracy.

The chart below shows the years the CLA and COD rates were applied. The rates are based upon the sales of the previous three years. Thus, the rates for 2016 are based on sales in 2013, 2014, and 2015. Please note that our town's most recent COD is 5.17. The lower the COD, the closer the assessed values to the sales prices and the more accurate and equitable the appraisal.

	CLA	COD
2010	84.70	23.57
2011	84.35	16.95
2012	83.32	17.39
2013	95.66	21.59
2014	104.59	20.42
2015	102.47	3.31
2016	100.62	5.17

As of November 2016, longtime Lister Michael Simonds resigned his post. We are very appreciative of the many years of service Michael has given the Town of Windham. His knowledge of the town, our residents and the Lister process will be greatly missed. Please thank Michael for his generous service to the town when you see him. Election to the unexpired portion of Michael's position (2 years) will be filled by election at Town Meeting. Additionally, Alison Cummings, who was appointed to fulfill the remainder of John Lingley's Lister term,

will be up for election at town meeting as well. This Lister position is a 3 year term.

By Early May, 2017, the Listers will mail "change of appraisal" letters to owners of properties that have changed in value between April 1, 2016 and March 31, 2017. (This usually involves completion of a new house, additions to an existing house, or completion of a barn or garage.) Letters will not go out to those whose values have not changed.

For more info on the grieving process, go to www.sec.state.vt.us/media/258632/appealing.pdf.

If you want a copy of your appraisal, you can get one at the town office. If you want any info from the Board of Listers, please contact the town office or visit us there on most Wednesday mornings.

Respectfully submitted,

Alison Cummings

John Hoover

For the Regular Annual Meeting and Town School District Meeting

Windham, Vermont

March 1, 2016

The legal voters of the Town of Windham met at the Town Hall in Windham, Vermont, on Tuesday, March 1, 2016.

Town Meeting:

The meeting was called to order at 10:05 am by Michael McLaine, the 2015 elected moderator, and serving in that capacity until the Town votes on articles 1 & 2.

Article 1: To choose a Town Moderator for the year ensuing.

Michael McLaine was voted as Town Moderator.

Article 2: To elect a School Moderator for the year ensuing.

Michael McLiane was voted as School Moderator.

Article 3: To see if voters will accept the Town Report prepared by the Auditors. The Town voted unanimously in favor of accepting the Town Report with none opposed. The article passed.

Article 4: The following Town Officers were elected:

Town Clerk: Jo-Jo Chleboggiannis was elected Town Clerk for a 3-year term.

Town Treasurer: Peter Chamberlain was elected Town Treasurer for a 3-year term.

Selectman: Maureen Bell was elected Selectman for a 3-year term.

Lister: Michael Simonds was elected lister for a 3-year term.

Auditor: Sally Hoover was elected Auditor for a 3-year term.

Constable: Joe Lamson was elected constable for a 2-year term.

Delinquent Tax Collector: Ernie Friedli was elected Delinquent Tax Collector for a 1-year term.

Grand Juror: Jim Scott was elected Grand Juror for a 1-year term.

Town Agent: Michael Simonds was elected as Town Agent for a 1-year term.

Windham Center Cemetery Commissioner: Mark Emmons was elected to the Windham Center Cemetery Commission for a 5-year term.

West Windham Cemetery Commissioner: Michael Pelton was elected West Windham Cemetery Commissioner for a 4-year term.

North Windham Cemetery Commissioner: Jon Gordon was elected North Windham Cemetery Commissioner for a 5-year term.

Library Trustee: John Hoover was elected Library Trustee for a 5-year term.

Windham School Director: Antje Ruppert was elected School Director for a 3-year term.

Town Meeting: Recessed at 2:10.

The Windham Town School District Meeting was called to order at 2:11 pm.

Article 5: Shall the voters pay a salary of \$2,250 (\$750 each) to the School Directors for FY 2016-2017 school year? The article passed unanimously.

Article 6: Shall the voters authorize the School Directors to expend \$388,957 to defray the expenses of the Windham Elementary School District for FY 2016-2017 school year? The voters approved the article unanimously.

Town School Meeting adjourned at 2:55 pm.

Town Meeting Resumed at 2:56 pm.

Article 7: Shall the voters authorize the Town Treasurer to collect current taxes?

Article 7 was approved.

Article 8: Shall the voters appropriate \$186,105 for the General Fund?

Voted 2015: \$159,885

Article 8 was approved.

Article 9: Shall the voters appropriate \$402,970 for Town Highways?

Article 9 was approved.

Article 10: Shall the voters appropriate \$95,000 for repaving (formerly referred to as bituminous retreatment), and large structures (formerly referred to as bridges) repair and replacement?

Article 10 was approved.

Article 11: Shall the voters appropriate \$20,000 to the Windham Volunteer Fire Company?

Article 11 was approved.

Article 12: Shall the voters appropriate \$250 to the West River Community Project? Article 12 was approved.

Article 13: Shall the Town use \$2500 to establish a special fund (in accordance with 24 V.S.A. section 2804) to be funded by taxes and called the Windham Weatherization Fund to be used to reduce energy use and increase energy efficiency for Windham's public buildings?

Article 13, with an amended allocation of \$5,000, was approved.

Article 14: Shall the Town change its method of payment for the Town Clerk to a salary without benefits instead of the present system of pay that consists of a salary and 90% of the recording fees paid to the Town.

Article 14 was approved.

Article 15: To transact any other business which may legally come before this meeting. Two suggestions were offered: 1. The Town look into ways to make the voting process more efficient. 2. That the Town and School District Meetings be held upstairs in the church and then the meal be held downstairs.

The Town Meeting was adjourned at 3:55 pm.

The foregoing are taken from the Minutes of the Regular Annual Town Meeting and Town School District Meeting held on March 1, 2016, as approved by Frank Seawright and Maureen Bell, two members of the Board of Civil Authority.

Attest: Alison Trowbridge, Select Board Clerk

THE LONDONDERRY SOLID WASTE GROUP

Serving the towns of Landgrove, Londonderry, Peru, Weston, Windham

The Londonderry Solid Waste Group (LSWG) is committed to developing programs and policies that reduce the amount of waste disposed in landfills, increase recycling and maximize hazardous waste collections. In 2015 LSWG completed and adopted a solid waste implementation plan (SWIP) which can be read at www.londonderryvt.org/recycletransfer/solid-waste-plan/

In 2016 LSWG held an **electronics** collection in May and two **hazardous waste** collections the first Saturday in June and the first Saturday in October. You can find information about these collections for 2017 at www.londonderryvt.org. To find year-round electronics collection sites see <https://anrweb.vt.gov/DEC/EWaste/facilitylist.aspx>

You don't have to wait for a hazardous waste collection event to dispose of latex and oil based **paints**. Visit www.paintcare.com to find locations that will accept used paint for free.

Many retail stores accept **fluorescent bulbs**, both tubes and **CFLs** and alkaline and rechargeable **batteries**. Londonderry Hardware accepts both. Sigda's Servistar will accept your batteries as will the Londonderry Transfer Station and Londonderry Town Office. To find other battery collection sites visit www.call2recycle.org.

Did you know that **textiles** like clothing, linens, etc. can be bagged and brought to the Larry Daley shed at the transfer station? All items **must be clean and dry**, no must, no mildew and in plastic bags

As of July 1, 2016, the following items have been **banned from the landfill (trash)**:

- *Aluminum and steel cans
- *Aluminum foil and aluminum pie pans – clean please
- *Glass bottles and jars from foods and beverages
- *Plastics #1 and #2 (PET and HDPE resin types)
- *Corrugated cardboard
- *White and mixed paper
- *Newspaper, magazines, catalogues, paper mail, and envelopes
- *Box board – Cereal boxes and such but not the inserts
- *Leaf and yard debris and clean wood

These materials can be recycled at the transfer station plus food scraps and many other materials.

*A complete list of all materials banned from the landfill and all materials that you can recycle at the transfer station as well as an **A-Z list** of how and where to dispose of just about everything can be found at <http://londonderryvt.org/LondonderryRecycle/RecycleMain.html>.

As always your comments and questions are welcome. You can contact your recycling coordinator, Esther Fishman, at londonrecycle@vermontel.net.

WINDHAM COUNTY SHERIFF'S OFFICE

Keith D. Clark, Sheriff
PO Box 266, Newfane VT 05345
Tel: (802) 365-4942
Fax: (802) 365-4945

Windham Report

The Windham County Sheriff's Office provided an augmented police service to the people of Windham FY2016 (July 1, 2015 to June 30, 2016) in the amount of \$3456, or approximately 70.5 hours of service for the year. Our office was able to provide 72.5 hours of service, at no additional cost to the town. The service provided included motor vehicle enforcement and response to 54 calls for service, or calls where response was refused by the town's primary law enforcement agency. During FY16, we issued a total of 42 tickets. Under Vermont law, the town could receive up to \$5010.40 in fund disbursement from the Vermont Court Administrator's Office/Vermont Judicial Bureau from this ticket revenue. Additionally, 9 warnings were issued and 54 calls for service were answered.

This year, we were privileged to be selected to be the recipient for State Farm's National Youth Advisory Board's grant. Through this grant, we are able to continue the Enhanced Teen Driver Safety Program, which builds upon the foundation of driver's education for teenage drivers in an effort to improve driver safety and reduce teen deaths. With this grant, the program is able to purchase vehicle driving simulators which will be used at area schools in an effort to develop youthful drivers.

We've continued to maintain our fleet of cruisers by replacing two vehicles with 2016 Ford Interceptor SUVs. Due to the high demand we receive each year regarding concerns of speed within each community, we're also pleased to announce the acquisition of a second RADAR speed cart, purchased through another grant. This will allow us to cover twice as many requests in areas seeking traffic calming.

Along with years past, we've provided several community services throughout the county with no cost or effect on the contract rate. These programs include Click It or Ticket, the Southeastern Unit for Special Investigation, Are You Okay?, DUI campaigns, the Drug Evaluation and Classification Program, Toys for Kids, snow mobile patrols and the Camp Leadership Challenge. We continue to maintain secured anonymous drug disposal bin in our lobby, to help the citizens of our community safely dispose of unwanted/unused prescription medications without it going into their groundwater or being stolen. It is the continued support of Windham and others which help contribute to our ability to provide these no-cost services to Windham County as a whole.

The Windham County Sheriff's Office has again been pleased to serve the people of Windham and look forward to the upcoming year. If you have a need for our services, please don't hesitate to contact our office at 802-365-4942 for non-emergencies or 911 for emergencies.
