In the Cafe

# CERAMICS IN ART

Come join your neighbors...ceramic artists, writers, poets, musicians, painters, crafters, chefs, artisans of all sorts for a dynamic evening of ideas, experiences and inspiration. This is a free style discussion group that will be what you bring to it.

Food and drink will be available for sale from the cafe.

Our subject is **Ceramics in Art**. The West River Neighborhood has a rich history of skilled ceramic artists and we call on their experience to start a dialog about the potential of using clay creatively. Come be inspired whatever your medium.

Jim Jackson is the point person for this meeting. If you have questions or ideas his email address is [jj@jimjacksonart.com](mailto:jj@jimjacksonart.com).
