Dear Vermont State Board of Education,

I have had the pleasure of partnering with the Windham School District Board for the past 18 months. The Board is always prepared, collaborative, and efficient. I would consider the board to be greatly functional in addressing the business of the school district.

Members of the public attend the board meetings consistently. The public is always treated with the greatest respect and their input is valued.

As a Superintendent with multiple school districts, and multiple school district board meetings, I appreciate Windham School District Board efficient use of time.

Sincerely,
