Dear Sir or Madam:

I am writing to you regarding your Town Health Officer's term of office, which, will expire on 3/31/2020. We would like to have a recommendation from the Selectboard for a Town Health Officer to serve for the next three years. The law provides that the Department of Health appoint a Health Officer upon recommendation of the Selectboard. Thus, we urge you to give this matter your immediate attention.

The Department of Health believes that you should recommend someone who is interested in responding to and resolving **issues associated with rental housing, water/septic, mold and other public health issues** that often arise or are disputed between different parties.

Electronically fillable versions of the Town Health Officer Recommendation and Oath Forms can be found on the Vermont Department of Health's Town Health Officer webpage (healthvermont.gov/tho), or you may use the enclosed forms.

If you designate a new individual to be appointed to this position, please ensure that the recommended individual takes the enclosed oath/affirmation in the presence of a person authorized to administer oaths/affirmations. This must be returned to the Health Department in tandem with the recommendation form. We will be unable to process the appointment of the new Health Officer until we are in possession of the completed oath.

If you have any questions please contact me at 800-439-8550.

Sincerely,

Meg McCarthy
Compliance and Enforcement Advisor

The announcement from Vermont Forests Parks & Recreation that overnight lodging will not be developed at Lowell Lake comes after a lengthy engagement between the community and the state.

Regardless of what you think of the state's proposed development plan, it should be acknowledged that FP&R representatives were willing to meet with members of the community, listen and ultimately respond to the concerns expressed.

At the same time, it was enormously gratifying to see the commitment on the part of hundreds of community members, over many months, to attend meetings, submit formal comments, respond to surveys and speak publicly and passionately about the wonderful regional resource that is Lowell Lake.

That said, Lowell Lake still needs a comprehensive management plan that will serve to protect the area's unique and rich habitats while providing reasonable levels of public access, without damaging overcrowding. The public, elected officials and FP&R representatives must continue to work together to reach that goal.

Town of Jamaica, VT
Select Board

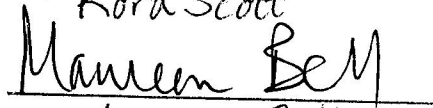

Dear Select Board:

The Town of Windham is in the planning stages to finish resurfacing Windham Hill Rd. from approximately mile 3.5 south to the Jamaica town line. The Windham Select Board would like to know if the Town of Jamaica is considering resurfacing the short section of Windham Hill Rd. between Townshend and Windham. If Jamaica is considering this in the next season or two, perhaps some coordination can take place between Jamaica and Windham. The Windham Select Board contact person is Kord Scott, kordscott@vermontel.net.

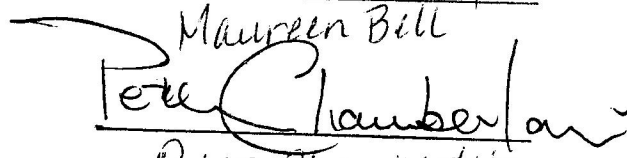

Thankyou,

Kord Scott
