In order to keep our cost from increasing and current pricing in effect, we are offering an agreement between Vermont Elevator Inspection Services, Inc. and the above customer.

Inspection: We will provide you with all of your conveyance inspection needs. We will inspect your conveyance(s) at the above location(s) as needed and as they become due in accordance with State requirements and all applicable codes, ordinances, statues and regulations. You agree to not allow others to sub-contract out any conveyance inspection services for the term of this agreement.

Coverage: Our inspections will include reference to all applicable code violations, and the general condition of the items, which reflect the safety of your employees and the public.

Duration: All inspection services shall be provided only by Vermont Elevator Inspection Services, Inc for a period of:

(2) Years

(Please choose the term you would like)

No pre-payment required

or

(3) Years

Dear Valued Customer,

Your business is very important to us. We'd like to offer you an agreement for our inspection services for a term of your choice. Please choose a period of 2 or 3 years and your current pricing will stay the same based on the current state regulated fees. This agreement will also ensure you're on our inspection to-do list each year, and we will continue to provide you with your conveyance inspection needs.

State Regulated Fees are as follows:

Annual Inspections resulting in an Operational Certificate:

- (1) for electric traction elevators and escalators - \$250
- (2) for hydraulic elevators greater than 3 stops - \$225
- (3) for hydraulic elevators with 2 or 3 stops - \$200
- (4) for limited use/limited application elevators - \$175
- (5) for platform lifts - \$150
- (6) for residential elevators and stairway chairlifts - \$100
- (7) Re-Inspections due to violations resulting in a Conditional Certificate - \$100

We appreciate your business and hope one of these agreement terms offers you stability and convenience moving forward. Our fees are fixed, and we do not charge for travel or mileage. Please consider signing the attached agreement and returning it to us via mail, email or fax at your earliest convenience. No pre-payment required.

Thank you for choosing a local small Vermont business. We look forward to taking care of all your vertical inspection needs.

Sincerely,

Jason Doktor
