

Sec. 503 Timber Harvesting  
Third Draft, 4/15/22

The Planning Commission proposes that we omit Sec. 503 of our current Zoning Regulations and replace it with the following two statements.

1. All landowners in the town of Windham must have an access permit signed by the town Road Foreman before beginning any logging operation which will involve the use of town roads. The access permit is available at the Town Office or may be downloaded from the town's website ([www.townofwindhamvt.com](http://www.townofwindhamvt.com)).  
An appointment with the Road Foreman may be scheduled by contacting the Town Clerk (802-874-4211.)
2. Loggers and other contractors operating heavy equipment on Windham town roads must secure an overweight permit from the Town Clerk. Proof of liability insurance is required in order to get an overweight permit.
3. All loggers who access and use town roads must post a \$500 bond at the Town Office. Approval of the Road Foreman is necessary before a bond may be returned.
