RE: Your energy consultation from Efficiency Vermont

New opportunities for you to reduce your energy costs are now available. Efficiency Vermont is offering **free energy consultations by phone, video, or in person** to help you understand what opportunities are best for your space. There is **no cost for these consultations, and no strings attached**. We only provide objective, 3rd party advice.

We will help you understand where your business is wasting energy, so you can make informed decisions about what efficiency upgrades are most cost effective. Plus, we'll let you know what **rebates are available**, like these highest-ever lighting discounts:

- **Up to \$125 off** LEDs for outdoor lamps
- **Up to \$70 off** LED high-bay fixtures
- **\$35 off** surface & suspended linear fixtures, Troffer fixtures, and low-bay fixtures
- **Up to \$110 off** bollard lighting fixtures, garage lighting, floodlights, wall-or-pole-mounted lights, decorative lighting, and more

If you've ever wanted to improve the energy efficiency, equipment reliability, or comfort of your space, now is the time! We also offer low interest financing **with no business financials** required.

Visit **EfficiencyVermont.com/BizConsult** or call **855-317-2254** to get your consultation.

Sincerely,

Chris Greenwood
Project Intake Coordinator
Efficiency Vermont
