Subject: Finley - Planning Board Interest

Flag Status: Flagged

Good even Mr. Kord, a few weeks ago Vance Bell, during a conversation about the town, made me aware of an opening on the towns planning board. I told him I would be interested. I was in communication with Mr. Dunkel today and both Vance and Bill indicated that I should make contact you and formally request consideration for the position on the board.

Just some background, over the years I have been on multiple municipal Environment Commissions, on the planning board, zoning board and was a member of the county board of health in New Jersey. I believe I would be an asset to Windham's planning board and am requesting consideration as a member.

I am also completing my level II certification as a VT State Trooper - Auxiliary. I will be up next Tuesday through Saturday morning as I am on-shift with another trooper Wed - Friday.

Thank you for your consideration.

John Finley
