

Solar Array on Town Office

Company	Cost	array size	panels	annual production
Integrated Solar	\$ 52,100	14.24 kW	39	17.5 MWh
Southern VT Solar	\$ 45,396	15.80 kW	39	20.76 MWh
Grassroots Solar	\$ 43,800	12.15 kW	30	15.92 MWh

Needed per year for 3 town buildings: 9.76 MWh (used J

Notes:

Unknown - What are the actual requirements for 30% off? - IRS hasn't clarified

Unknown - Will MERP cover any of the cost? - They still haven't said

Unknown - Will our use of electricity increase with Meeting House heating change

Unknown - Are there other grants or loans worth pursuing for the array?

Unknown - What could we do with any excess generation? - Who could we give it

How big should the array be?

Should we put up part now and part later?
